

# Title

Enjoy the most efficient handwriting experience! Taking notes on the go, whether for inspiration, ideas, knowledge learning, business insights, or even sketches...

**Creative notes**

By reading we enrich the mind;  
by writing we polish it.

# How to create the project

`create-vue` → Command to create a project  
↓  
Allows to select the libraries to use in the project.  
↳ It enables HMR  
↳ App is updating live when changes are saved.

Practically:

`npm create-vue project-name` → This creates the project.  
`cd project-name`  
`npm install` } Go into the project folder and install dependencies  
`npm run dev` → This starts the server to see the app.
